

Subject Index

For the benefit of digital users, indexed terms that span two pages (e.g., 52–53) may, on occasion, appear on only one of those pages.

Boxes and figures are indicated by italic *b* and *f*, respectively.

- acceptance, 436–38, 443–47, 453–54, 454*t*
- accommodation, 469
- achievement, 396–98, 397*t*
- adaptation: viewing diseases as
 - adaptations (VDAA), 198
- adaptive preferences, 9, 440–41
